

602/612 SERIES FR COVERALLS

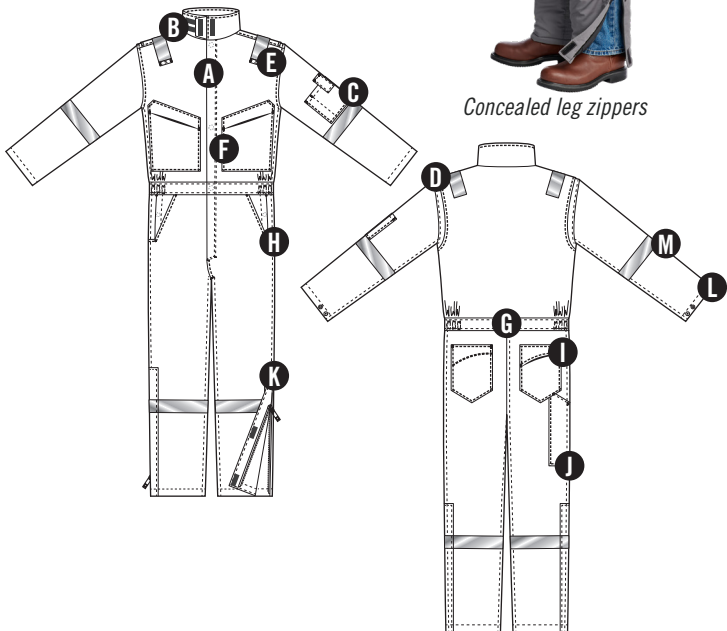

Shoulder pleats maximize range of motion, allowing workers to move with greater flexibility and comfort on the job.

Collar can be worn up with a hook-and-loop closure design to help keep body heat inside, or worn folded down

Concealed leg zippers

SPECIFICATIONS

Description

This classic winter coverall has a comfortable FR cotton lining and is fully insulated with 150g 3M™ Thinsulate™ Insulation, Westex Moda-Quilt® or polyester fiberfill. It offers eight functional pockets and YKK® non-sparking zips throughout. Concealed leg zippers with hook-and-loop closure make it easy to put on the coveralls over clothing and boots. Press studs are covered on the inside, so nothing but soft protective material comes in contact with your skin. 50 mm (2") reflective FR striping on the 612 Series ensures high visibility for safety.

Fabric

Available in a variety of fabrics to suit your working environment. See next page for more information.

Compliance

See next page for more information.
